

White diodes Flashlights

LED (Diodes) Flashlights, white light ideal for colored penetrant inspection (better coloring & contrast enhancement):

White lighting

- **SabreLite 2010 ATEX zone 0 :**
 - 3000 Lux at 60cm.
 - Highly powerful LED lamp.

- **'Mini Exceeder' : Cell Flashlight (dry cell AA/LR06). Provides a powerful illumination degree: 1000 lux at 1 m. Length: 10 cm. Diameter: 2 cm. Ideal for a variety of inspections in particular in colored penetrant testing!**

- **Hokus Fokus : Main advantage: its focus system to intensify the beam. More than 6000 lux at 60 cm focus mode / 400 lux at 60 cm wide beam. Length: 14 cm. Diameter: 3.5 cm. Power supply: 4 AAA batteries.**

- **Torch M7 rechargeable induction :**
The latest generation of LED light output provides 220 lumens for autonomy of 11 hours.
The loading of the M7R lamp is through the USB cable or on sector.

- **Led Lenser H7R : White LED Headlamp with a 4.5Wh powered C-LED and autonomy of 54 hours.**
 - Adjustable beam
 - Pivoting head with adjustable beam
 - Setting potentiometer
 - Rechargeable

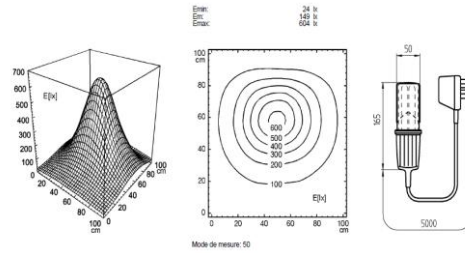

- **HeadsUP Lite 2690 ATEX Zone 0: Headlamp with a very powerful LED lamp :**
 - On / off switch one-handed activation
 - Lightweight, practical and well-balanced
 - Unconditionally Guaranteed

White Light Lamps and Lamp Tri-Heads Waldmann **W** ELEKTROTECHNIK

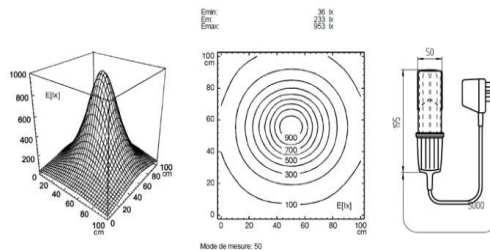

- **HLW 107 :**

- Power supply: 230V : 50Hz
- Equipment: 1x lamp with fluocompact bulb TC-S 7 W
- Cord: approx. 5m
- Dentless plastic housing
- Weight : approx. 0.9kg

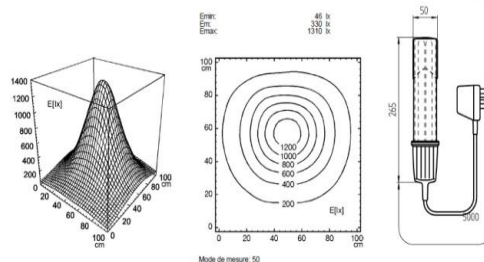

- **HLW 109 :**

- Power supply 230V : 50Hz
- Equipment : 1x fluocompact lamp TC-S 9 W
- Cord : Approx. 5m
- Dentless plastic housing
- Weight : approx. 0.9kg

- **HLW 111 :**

- Power supply 230V : 50Hz
- Equipment : 1x fluocompact lamp TC-S 11 W
- Cord : Approx. 5m
- Dentless plastic housing
- Weight : Approx. 1.0kg

- **HLW QE1 :**

- Power supply 95-240V : 50/60Hz
- LED lamp
- Cord : 5m
- Shelf life over 50 000 hours of use

- **Optimax OPK-300N :**

The kit consists of three LED power interchangeable head lamp:

- UV-A
- Actinic Blue
- White Light

Rechargeable proprietary accus.

The power of the head lamp is comparable to the OPX-365 head for UV-A, and OPX-450 for the head Actinic Blue.

The lamp battery has autonomy of 90 min by continuous use and a charging time of 5 hours.
